

“Green Me, Green Footprints” Project Song

GREEN ME – GREEN FOOTPRINTS

The world is calling us

oh Yeah Green me, Footprints

Look at the stars in the sky

Clean the air we breath

Don't pollute anymore

Tonight

Getting up in the morning

Being aware of the danger

You're gonna giving the Planet

When you're walking the Earth

When you're tracing your steps

Like diamonds on the ground

we will enlighten

people walking and leaving

green footprints

That's what I'm gonna do

Green me, green me

The world is calling us

oh Yeah Green me, Footprints

Look at the stars in the sky

Clean the air we breath

Don't pollute anymore

Tonight

When you're walking on the Earth

Like a diamond on the ground

Being aware of the danger

Tears and cries from the world

Blood red sky over us

That's what I'm gonna do

Green me, green me

The world is calling us

oh Yeah Green me, Footprints

Look at the stars in the sky

Clean the air we breath

Don't pollute anymore

Tonight

Look the stars in the sky

Don't pollute anymore

The world is calling us

oh Yeah Green me, Footprints

Look at the stars in the sky

Clean the air we breath

Don't pollute anymore

Tonight

Don't pollute anymore... oh oh

Don't pollute anymore... oh oh
